Special edition Corby Park road surface

Dear Resident of the Corby Park area

We have become increasingly aware of the state of repair of the road surface in Corby Park and the impact that it is having on motorists and for the amenity of those residents that live alongside.

We are therefore writing to let you know that we have raised the issue with Highways Officers at East Riding of Yorkshire Council who have agreed to consider the situation for us.

We know that it would be very expensive to remove the concrete blocks that are creating the ridging effect and that such a scheme may not have sufficient priority for funding for many years. We have therefore requested that Highways Officers consider alternative options to improve the situation and to feedback their conclusions.

If we receive positive feedback we will write again and let you know the outcome.

**If you wish to let us know the impact on yourself
we would like to hear from you.**
